Free Comprehensive Eye Treatment To Host Communities

Abuja, 2007 - Oriental Energy Resources Limited, in collaboration with its Technical Partner, Addax Petroleum Development (Nig) Ltd., have come together to provide comprehensive free eye treatment and eye glasses to over 800 indigenes of its host communities in Akwa Ibom State.

The beneficiaries of the program, which cost over N15 million, were drawn from five local government areas that constitute the Oron Nation and Mineral Committee (ONOMIC) in Akwa Ibom State.

The examinations that took place over a four day period in both the Ebughu and Effiat communities in the Mbo Local Government Area of the State, were administered by a team of medical practitioners.

The State's Commissioner for Environmental and Mineral Resources, Lady (Barrister) Valerie Ebe commended Oriental and its Technical Partner, Addax for undertaking this program while she also appealed to the communities to cooperate with the Companies to ensure a successful eye treatment exercise.

The Communities are located adjacent to OML 67 (Okwok Field) where Oriental is Operator.
